

EXPERT TALK

A virtual expert talk session was conducted on 2nd November 2020 by Dr. Ankit Garg, Assistant Professor IIIT, Noida, by the ECE Department. The 45 minutes session was coordinated by Ms. Amrita Kaul, Assistant Professor, ECE. The students asked questions on how to pursue a higher degree in the field of technology from premier institutes like IIT, IIIT-Delhi, NIT. 25 Students attended the event with zeal and curiosity. The event helped students understand the concept of Multiple Input and Multiple Output Systems which is the latest technology in the field of communication. Students were encouraged to join the field of research and provide solutions for our day to day problem. The event was organized to provide technical exposure to the students looking forward to doing M.Tech or MS.

INDUSTRIAL TALK

An Industrial talk was conducted by Mr. Manash Deka with the coordination of Aashutosh Kharb (A.P., ECE) under the supervision of Prof. (Dr.) Rajiv Sharma, Head, ECE on 07th November 2020 by the ECE department for educating students about different Industrial Communication Protocols and Role of IoT in Building Management Systems followed in the industries. He shared his expert knowledge about Industrial microcontroller and microprocessor-based controller networks along with the usage of these controllers in building automation and industrial automation.

PLACED

Nikunj Joshi and Pulkit Bhambari, final year ECE students got placed in Amazon Web Services with a salary package of rupees 19LPA

ENTREPRENEUR TALK

A virtual entrepreneur talk was conducted on 7th October 2020, by the ECE Department. Mr. Shubham Aggarwal, Founder Cnetics Labs Pvt Limited conducted a 90 minutes session which was coordinated by Ms. Amrita Kaul, Assistant Professor, ECE. 58 Students attended the event with keenness and inquisitiveness about the latest things happening in the field of IoT and Embedded Systems. The students learned what is IoT and how to start things on their own.

INTERNSHIP AT IIT, DELHI

Jai Garg and Manya Kakkar students of ECE, 3rd year did two months Internship starting from 29th October 2020, at Aerogram Indian Institute of Technology. They performed research and did projects on Embedded Developers

SMART INDIA HACKATHON 2020

Two teams from Robogyan ADGITM participated in the hackathon. Jai Garg, Vansh Gupta, and Nitesh Garg, students of ECE 3rd year along with Hardik Gossain, a final year ECE student, and Aditya Agarwal, Ashish Ohri, final year CSE students participated in the online version of the Hackathon. One team has reached the final stage which is yet to be conducted through online channel.

VIRTUAL ALUMNI TALK

A virtual Alumni Talk session was conducted on 26th September 2020 by the ECE Department. Mr. Piyush Aggarwal, Leadership Associate with Aditya Birla Group, an IIM-Kolkata graduate who got campus placement in Infosys while studying at ADGITM gave a motivational talk and answered the questions of students in the 90 mins session. The talk was coordinated by Ms. Amrita Kaul, Assistant Professor, ECE, which helped students understand why maintaining their relationship with the alma mater and lecturers is important.

INDUSTRIAL TALK

A virtual Industrial talk with Mr. Antriksh Raj, Process Design Lead, NRMA-Australia was organized on 14th September 2020 for the students of the 2nd and 3rd year of ECE Department. The 45 min session which was coordinated by Ms. Amrita Kaul, Assistant Professor, ECE, helped students understand how all the domains are interconnected and work together in the field of engineering, and how the telecom industry works within India and outside India. He also discussed skills required in the long run for excelling in their field of interest and emphasized that no question is a stupid question.
